

PRODUCT DETAIL DOCUMENT - INTERFACE ULTRAGRIP

PRIMARY INDUSTRIES

Chemical

Material Fabrication

Oil and Mining

Transportation

APPLICATIONS

- Chemical applications
- Petrochemical Industry
- Surface Coating
- Metal fabrication
- Aerospace and Automobile Industry
- Printing Industry
- Industrial Cleaning
- Food Processing and Handling

FEATURES & BENEFITS

- A new wave-like porous structure allowing for a superior dry, wet, and oil grip
- Improved dexterity due to porous nature
- Higher chemical resistivity for a range of chemicals including petroleum derivatives, acids and chemical bases
- Food compatible

PRODUCT STANDARDS

- PPE Regulation (EU) 2016/425

Product Type	Interface Ultragrip
Material	Nitrile
Liner	Unlined
Grip	Wave-like porous surface
Cuff	Straight
Sizes	7, 8, 9, 10, 11
Length /mm	33 cm
Thickness* (mm) / Weight* (g)	0.28 mm
Colours	Green

Finish	
---------------	--

*Thickness: single film at back of palm

*Weight: Weight at medium
