PRIMARY INDUSTRIES

Facility Maintenance

Logistics and Warehouse

Oil and Mining

APPLICATIONS

Ice handling
Carton handling
Glass handling
Assembly
Furniture handling
Plumbing
Woodwork
Oil and gas industry
Manufacturing
Commercial fishing

FEATURES & BENEFITS

Synthetic High-cut resistant level D fabric covered with microfiber fabric
Back of palm protected by TPR on a 2-way spandex for a total impact protective glove
The Hipora lining layer provides wind and waterproofing without compromising on breathability
A silicon print grip on microfiber to give the glove a suitable grip
Polyester fabric gusset cuff gives wrist protection and comes with a Reflective tape puller
Eco friendly due to the use of PET polyester yarn that has been extruded from waste plastic bottles
